of publishing an annual survey of important developments in arbitration and the law. The AAA Yearbook on Arbitration and the Law provides arbitrators and busy practitioners a practical, relevant and readily accessible resource. The 24th Edition is organized into three parts: Part One contains digests of important decisions of the United States Supreme Court, the United States courts of appeals and state supreme courts. This volume includes digests of selected judicial decisions from 2007 through 2010, and is current through October 1, 2011. The book contains 176 case digests, together with citations and descriptive cross-references to more than 690 related

decisions. We have arranged the case digests under the stages of the entire arbitration process - from the formation of the arbitration agreement to the challenge or enforcement of the arbitral award. Recognizing the important role of arbitration in the global economy, there is a separate chapter containing digests and cross-references to cases dealing with the unique issues presented in international arbitrations. Part Two, an entirely new feature, contains 100 digests of judicial opinions since January 2000 that discuss AAA arbitration rules. For ease of reference the cases are arranged in alphabetical order and

are listed by the types of AAA Rules - Commercial, Construction, Employment and International - and by individual rule under each category. Thus the reader can quickly identify all the judicial decisions that discuss a particular AAA rule. Part Three includes selected articles addressing some of the hottest topics in domestic and international arbitration. The AAA Yearbook is the preeminent annual yearbook on Arbitration and Dispute Resolution in the United States. It is a required and necessary reference work for all who wish to stay on top of the latest trends, developments, cases and guidelines - accompanied by expert

commentary and analysis - in Arbitration and Dispute Resolution. *SEC Docket* AuthorHouse
This comprehensive two-volume work is a collection of determinations from OPIC, the US governmental political risk insurance provider, in the form of its Memoranda of Determinations from 1966 through to 2010. An important part of international investment law and policy is the political risk insurance coverage provided to international investors by their home states and multilateral organizations such as the World Bank. These programs are of crucial importance to the growth of international investment flows and

the development of international investment law. The insurance claim decisions and as a result this area of international law has received disproportionately little attention. This reference work is the first to make the underlying primary material available to the investment law, political risk and academic communities. The authors have made the claims determinations more accessible with the inclusion of headnote summaries for all determinations. The determinations reflect the decisions of OPIC under US and international law and therefore have a significant impact on its future claims determinations. They

reveal what types of claims have been honored for expropriation, political violence or convertibility/transferrability restrictions. Users of political risk insurance worldwide will find this collection invaluable in understanding what events are and are not in fact covered, and deciding whether to obtain insurance coverage. These OPIC determinations will also contribute to the development of arbitral jurisprudence regarding government actions that are alleged to be in violation of investment protections found in investment treaties and investment law. They are additionally of interest in the context of the presentation and determination of future

OPIC claims and decision making by other political risk insurance providers. *SEC and Citicorp* Juris Publishing, Inc. Previous Edition: Construction Law Update 2018, ISBN: 9781454899440; *Decisions and Reports* Wolters Kluwer This is the most controversial Book, containing complex shocking revelations, in the series of Books by the Author, wherein most difficult topics are excellently and diligently dealt with, exposing realities in politics, and non-dispensation of justice, with judiciary acting sans jurisdiction, ultra-

vires the Constitution, denying natural justice, making a mockery of the 'rule of law', paying scant regard to United Nations Conventions on Human Rights. The range of cases and topics dealt with is indeed amazing making exhorbing reading. Commencing with his own exposure to politics, paying high tribute to minority Tamils in Sri Lanka, the Author brings out stunning prevalent reality. Makes startling disclosures on Sri Lanka's most controversial Presidential Election of 2010, and incarceration, as a villain, a Presidential Candidate, a trusted Army General, once hailed, as the 'best Army General in Asia', having led the country's armed forces

to crush one of the most feared terrorists organizations, internationally banned, Liberation Tigers of Tamil Elam. The most difficult and delicate subject of 'judicial bias and disqualification' at highest levels of the judiciary is dealt with, including the controversy which reverberated on the endeavour by the Legislature to impeach a Chief Justice, whose husband, having held high profile political office, was impleaded in a dubious share scandal, involving the country's leading Savings Bank. Author incisively delves into an important case of abduction of a Tamil businessman, and the horrendous anonymous allegations of trading in human body parts, during the war against

the terrorists, allegedly with Indian and Israeli connections. Author analyses real case studies, involving foreign investments, demonstrating classic instances of dubious judicial processes, including subversion of action, vis-à-vis, fabricated forged documents of public officers tendered to Court, involving questionable professional conduct, and indifference by law enforcement authorities, including Attorney General, Chief Law Officer of the State.

For this work, editors

Stephen K. Huber and Ben H. Sheppard, Jr. and the University of Houston Law Center collaborate with the American Arbitration Association (AAA), to revive the tradition of publishing an annual survey of important developments in arbitration and the law. Initially published as the "AAA General Counsel's Annual Report" and later as "ADR & the Law," the annual survey has not been published since 2007. The Yearbook will once again be produced on an annual basis. The AAA Yearbook on Arbitration and the Law provides arbitrators and busy practitioners a practical, relevant and readily accessible resource, organized into two parts: Part One contains digests of

important decisions of the United States Supreme Court, the United States Court of Appeals and state supreme courts. This volume includes digests of selected judicial decisions from 2007 through 2009, and is current through October 1, 2010. The book contains 130 case digests, together with citations and descriptive cross-references to more than 400 related decisions. Recognizing the important role of arbitration in the global economy, there is a separate chapter containing digests and cross-references to cases dealing with the unique issues presented in international arbitrations. Part Two consists of articles that address a wide range

of timely and important arbitration topics, including a comprehensive report on the extraordinary range of services that the AAA provides and a detailed overview of the international activities of the AAA/ICDR, including a report on the successful implementation of the ICDR's pre-arbitral emergency arbitrator procedure, the first such procedure to be adopted by any arbitral institution as a standard part of its rules. Other articles address some of the hottest topics in domestic and international arbitration, such as a survey on the status of "manifest disregard of the law" as a basis to vacate an arbitral award; arbitral cost

allocation decisions and whether guidelines should accompany arbitral discretion; a tenth anniversary reflection on experience under The Revised Uniform Arbitration Act; problems posed by arbitrator disclosure and implications of a duty to investigate; whether a private international arbitration falls within "foreign or international" tribunal under 28 U.S.C. Section 1782; and several timely practice pointers for parties seeking discovery in aid of arbitration. The AAA Yearbook re-establishes itself as the preeminent annual yearbook on Arbitration and Dispute Resolution in the United States. It is a required and necessary reference

work for all who wish to stay on top of the latest trends, developments, cases and guidelines – accompanied by expert commentary and analysis – in Arbitration and Dispute Resolution.
