Private International

Law and the Internet
Oxford University Press,
USA

This book, a companion
volume to The

International Law of
Human Trafficking,
presents the first-ever
comprehensive and in-
depth analysis of the

international law of migrant smuggling. The authors call on their direct experience of working with the United Nations to chart the development of new international laws.

The Accusation Model Before the International Criminal Court Learning Matters

While mental health is a core subject on the social work curriculum, many students find the breadth of the subject difficult to grasp. There is much to understand from law, policy and legislation, to ethical and value-based

considerations. This book is written as an introduction to the complex issues around mental health. Law and policy are outlined whilst the author gives space to ethical considerations when working alongside the most vulnerable in society. There are clear links between policy, legislation and social work practice and learning features mean students can begin to think critically about a variety of mental health issues. Key updates: A new chapter on the Mental

Capacity Act More material on the Personalisation Agenda More material on working with dementia This book is in the Transforming Social Work Practice series. All books in the series are affordable, mapped to the Social Work Curriculum, practical with clear links between theory & practice and written to the Professional Capabilities Framework. *The Ashgate Research Companion to Military Ethics* Oxford University Press
EU Private Law and the

CISG examines selected EU directives in the field of private law and their effects on the national private law systems of several EU Member States and discusses certain specific concepts of the United Nations Convention on Contracts for the International Sale of Goods (CISG) in light of the CISG's recent fortieth anniversary. The most prominent influence of EU law on national private law systems is in the area of the law of obligations, thus the book focuses on several EU private law

directives that cover the issues belonging to contract and tort law, as interpreted in the case law of the Court of Justice of the EU. EU private law concepts need to be interpreted autonomously and uniformly rather than through the lens of national private law systems. The same is true for the CISG which has not only been one of the most successful instruments of the international trade law unification but had also influenced both the EU private law and domestic laws. In Part I, focused on

the EU private law and its effects for national laws, chapters examine the recent Digital Content and Services Directive and its likely impact on the contract law of the UK and Ireland, the role aggressive commercial practices play in EU banking and credit legislation, the applicability of the EU private international law rules to collective redress, the unfair contract terms regime of the Late Payment Directive and its transposition into Croatian law, the implementation

of the Commercial Agency Directive in Denmark, Estonia and Germany, and disgorgement of profits as remedy provided in the Trade Secrets Directive. In Part II, dealing with selected CISG issues, chapters discuss the autonomous interpretation of CISG's concept of sale by auction and its notion of intellectual property, as well as the CISG's principle of freedom of form and the possibility for reservations with the effect of its exclusion. The book will be of interest to

legal scholars in the field of EU private law and international trade law, as well as to the students, practitioners, members of law reform bodies, and civil servants in Europe, and beyond.

The Ashgate Handbook of Legal Translation Tallinn University of Technology
This intellectually rigorous introduction to international law encourages readers to engage with multiple aspects of the topic: as 'law' directing and shaping its subjects; as a technique for governing

the world of states and beyond statehood; and as a framework within which several critical and constructivist projects are articulated. The articles situate international law in its historical and ideological context and examine core concepts such as sovereignty, jurisdiction and the state. Attention is also given to its operation within international institutions and in dispute settlement, and a separate section is devoted to international law's 'projects': protecting human rights, eradicating

poverty, the conservation of resources, the regulation of international trade and investment and the establishment of international order. The diverse group of contributors draws from disciplinary orientations ranging from positivism to postmodernism to ensure that this book is informed theoretically and politically, as well as grounded in practice.

Land Lawcards 2012-2013

Routledge

'Focused content, layout and price - Routledge competes and wins in

relation to all of these factors' - Craig Lind, University of Sussex, UK
'The best value and best format books on the market.' - Ed Bates, Southampton University, UK
Routledge Student Statutes are: • Exam Friendly: un-annotated and conforming to exam regulations • Tailored to fit your course: 80% of lecturers we surveyed agree that Routledge Student Statutes match their course and cover the relevant legislation • Trustworthy: Routledge Student Statutes are

compiled by subject experts, updated annually and have been developed to meet student needs through extensive market research • Easy to use: a clear text design, comprehensive table of contents, multiple indexes and highlighted amendments to the law make these books the most student-friendly Statutes on the market
Competitively Priced: Routledge Student Statutes offer content and usability rated as good or better than our major competitor, but at a more

competitive price • Supported by a Companion Website: presenting scenario questions for interpreting Statutes, annotated web links, and multiple-choice questions, these resources are designed to help students to be confident and prepared.

The International Law of Migrant Smuggling

BRILL

The second edition of the Impact Evaluation in Practice handbook is a comprehensive and accessible introduction to impact evaluation for

policy makers and development practitioners. First published in 2011, it has been used widely across the development and academic communities. The book incorporates real-world examples to present practical guidelines for designing and implementing impact evaluations. Readers will gain an understanding of impact evaluations and the best ways to use them to design evidence-based policies and programs. The updated version covers the newest

techniques for evaluating programs and includes state-of-the-art implementation advice, as well as an expanded set of examples and case studies that draw on recent development challenges. It also includes new material on research ethics and partnerships to conduct impact evaluation. The handbook is divided into four sections: Part One discusses what to evaluate and why; Part Two presents the main impact evaluation methods; Part Three

addresses how to manage impact evaluations; Part Four reviews impact evaluation sampling and data collection. Case studies illustrate different applications of impact evaluations. The book links to complementary instructional material available online, including an applied case as well as questions and answers. The updated second edition will be a valuable resource for the international development community, universities, and policy makers looking to build better evidence

around what works in development.

Human Rights and Personal Self-Defense in International Law

Taylor & Francis

Applied philosophy has been a growing area of research for the last 40 years. Until now, however, almost all of this research has been centered around the field of ethics. A Companion to Applied Philosophy breaks new ground, demonstrating that all areas of philosophy, including epistemology, metaphysics, philosophy

of science, and philosophy of mind, can be applied, and are relevant to questions of everyday life. This perennial topic in philosophy provides an overview of these various applied philosophy developments, highlighting similarities and differences between various areas of applied philosophy, and examining the very nature of this topic. It is an area to which many of the towering figures in the history of philosophy have contributed, and this timely Companion

demonstrates how various historical contributions are actually contributions within applied philosophy, even if they are not traditionally seen as such. The Companion contains 42 essays covering major areas of philosophy; the articles themselves are all original contributions to the literature and represent the state of the art on this topic, as well as offering a map to the current debates.

The English Legal System
Routledge

This book argues that late antiquity introduced a

legal form of punitive imprisonment, complicating the concept of the 'birth of the prison'.

Routledge

"...superbly written and accessible text...clear, accurate and engaging...a fantastic revision aid and superb supplement..."

Student Law Journal
Montagu and Weston's Legal Practice Companion is firmly established as the leading support title for students undertaking the Legal Practice Course and a much-valued resource for trainees and

lawyers in practice. The unique approach and structure of the Legal Practice Companion: Concisely covers all the core and compulsory LPC subjects in one accessible volume; Presents the law and practice in a step-by-step format; Breaks down topics in bullet points, making them easier to recall; Uses graphics, flowcharts and checklists to explain complex areas; Makes an excellent starting point for primary source research, as case or legislation citation is included wherever

possible. The Legal Practice Companion is the perfect one-stop study guide for LPC students. It is also an invaluable resource for trainees, solicitors and legal executives seeking a single volume overview of current law and practice. Previous print edition ISBN: 9781780432069 *'Protection' in European Union Asylum Law* Routledge A Companion to Folklore presents an original and comprehensive collection of essays from international experts in

the field of folklore studies. Unprecedented in depth and scope, this state-of-the-art collection uniquely displays the vitality of folklore research across the globe. An unprecedented collection of original, state of the art essays on folklore authored by international experts Examines the practices and theoretical approaches developed to understand the phenomena of folklore Considers folklore in the context of multi-disciplinary topics that

include poetics, performance, religious practice, myth, ritual and symbol, oral textuality, history, law, politics and power as well as the social base of folklore Selected by Choice as a 2013 Outstanding Academic Title **The Routledge Research Companion to John Gower** World Bank Publications Asylum law in the European Union is ripe with caveats that allow for rejecting asylum applications due to 'protection' received in

the home country or another location. Yet, when is 'protection' strong enough to make denying an application lawful?

Intellectual Property and Media Law Companion

Bloomsbury Publishing Engages with the life and work of Larry Alexander to explore puzzles and paradoxes in legal and moral theory.

Social Work and Mental Health Cambridge

University Press

The Oxford Handbook of Roman Law and Society surveys the landscape of

contemporary research and charts principal directions of future inquiry. More than a history of doctrine or an account of jurisprudence, the Handbook brings to bear upon Roman legal study the full range of intellectual resources of contemporary legal history, from comparison to popular constitutionalism, from international private law to law and society, thereby setting itself apart from other volumes as a unique contribution to scholarship on its

subject. The Handbook brings the study of Roman law into closer alignment and dialogue with historical, sociological, and anthropological research into law in other periods. It will therefore be of value not only to ancient historians and legal historians already focused on the ancient world, but to historians of all periods interested in law and its complex and multifaceted relationship to society.

Steiner & Woods EU Law
Oxford University Press
An authoritative and

multidisciplinary Companion to Egypt during the Greco-Roman and Late Antique period With contributions from noted authorities in the field, A Companion to Greco-Roman and Late Antique Egypt offers a comprehensive resource that covers almost 1000 years of Egyptian history, starting with the liberation of Egypt from Persian rule by Alexander the Great in 332 BC and ending in AD 642, when Arab rule started in the Nile country. The Companion takes a largely

sociological perspective and includes a section on life portraits at the end of each part. The theme of identity in a multicultural environment and a chapter on the quality of life of Egypt's inhabitants clearly illustrate this objective. The authors put the emphasis on the changes that occurred in the Greco-Roman and Late Antique periods, as illustrated by such topics as: Traditional religious life challenged; Governing a country with a past: between tradition and innovation; and Creative

minds in theory and praxis. This important resource: Discusses how Egypt became part of a globalizing world in Hellenistic, Roman and Byzantine times Explores notable innovations by the Ptolemies and Romans Puts the focus on the *longue durée* development Offers a thematic and multidisciplinary approach to the subject, bringing together scholars of different disciplines Contains life portraits in which various aspects and themes of people's daily

life in Egypt are discussed. Written for academics and students of the Greco-Roman and Late Antique Egypt period, this Companion offers a guide that is useful for students in the areas of Hellenistic, Roman, Byzantine and New Testament studies.

The Routledge Companion to the Professions and Professionalism

LexisNexis

In this, the fourth edition of Private International Law and the Internet, Professor Dan Svantesson provides a detailed and

insightful account of what has emerged as the most crucial current issue in private international law; that is, how the Internet affects and is affected by the five fundamental questions: When should a lawsuit be entertained by the courts? Which state's law should be applied? When should a court that can entertain a lawsuit decline to do so? How wide 'scope of jurisdiction' should be afforded to a court with jurisdiction over a dispute? And will a judgment rendered in one country be recognized

and enforced in another? Professor Svantesson identifies and investigates twelve characteristics of Internet communication that are relevant to these questions and then proceeds with a detailed discussion of what is required of modern private international law rules. Focus is placed on several issues that have far-reaching practical consequences in the Internet context, including the following: cross-border defamation; cross-border business contracts; cross-border consumer

contracts; and cross-border intellectual property issues. A wide survey of private international law solutions encompasses insightful and timely analyses of relevant laws adopted in a variety of jurisdictions, including Australia, England, Hong Kong SAR, the United States, Germany, Sweden, and China, as well as in a range of international instruments. There is also a chapter on advances in geo-identification technologies and their special value for legal

practice. The book concludes with two model international conventions, one on cross-border defamation and one on cross-border contracts, as well as a set of practical checklists to guide legal practitioners faced with cross-border matters within the discussed fields. Professor Svantesson's book brings together a wealth of research findings in the overlapping disciplines of law and technology that will be of particular utility to practitioners and academics working in this

complex and rapidly changing field. His thoughtful analysis of the interplay of the developing Internet and private international law will also be of great value, as will the tools he offers with which to anticipate the future. Private International Law and the Internet provides a remarkable stimulus to continue working towards globally acceptable private international law rules for communication via the Internet. [A Companion to Greco-Roman and Late Antique](#)

Egypt Cambridge

University Press

Since the adoption of the Rome Statute of the International Criminal Court in 1998, international criminal law has rapidly grown in importance. This three-volume treatise on international criminal law presents a foundational, systematic, consistent, and comprehensive analysis of the field. Taking into account the scholarly literature, not only sources written in English but also in French, German, Italian,

Portuguese, and Spanish, the book draws on the author's extensive academic and practical work in international criminal law. This third volume offers a comprehensive analysis of the procedures and implementation of international law by international criminal tribunals and the International Criminal Court. Through analysis of the framework of international criminal procedure, the author considers each stage in the process of

proceedings before the ICC, including the role of legal participants, the scope of jurisdiction, and the enforcement of sentences. The full three-volume treatise addresses the entirety of international criminal law, re-stating and re-examining the fundamental principles upon which it rests, the manner it is enacted, and the key issues that are shaping its future. It is essential reading for practitioners, scholars, and students of international criminal law

alike.

The Cambridge
Companion to
International Law

Bloomsbury Professional
The Routledge Companion
to the Professions and
Professionalism is a state-
of-the-art reference work
which maps out the
current developments and
debates around the
sociology of the
professions, and how they

Ohio Elder Law - A
Companion Book to Ohio
Family Law is a one
volume publication
intended to serve as an
accompanying piece to

the highly successful Ohio Family Law. As our elderly population grows, this topic is a rapidly growing part of family law practice. Ohio Elder Law expands statutory material previously contained in Ohio Family Law and in addition features important administrative code sections critical to the practitioner.

Property Law Statutes 2012-2013 John Wiley & Sons

Captures the essence of the multi-layered subject of human rights law in a

way that is authoritative, critical and scholarly.

Contract, Tort and Restitution Statutes 2012-2013 BRILL

The Routledge Research Companion to John Gower reviews the most current scholarship on the late medieval poet and opens doors purposefully to research areas of the future. It is divided into three parts. The first part, "Working theories: medieval and modern," is devoted to the main theoretical aspects that frame Gower's work, ranging from his use of

medieval law, rhetoric, theology, and religious attitudes, to approaches incorporating gender and queer studies. The second part, "Things and places: material cultures," examines the cultural locations of the author, not only from geographical and political perspectives, or in scientific and economic context, but also in the transmission of his poetry through the materiality of the text and its reception. "Polyvocality: text and language," the third part, focuses on Gower's

trilingualism, his approach to history, and narratological and intertextual aspects of his

works. The Routledge Research Companion to John Gower is an essential resource for scholars and

students of Gower and of Middle English literature, history, and culture generally.
