In his own humorous
style, Knoxville News-
Sentinel columnist Sam
Venable takes us through

the seasons on the
calendar. He has been
celebrating the seasons
since he was a child and
recognized four seasons--
Christmas, Birthday, Out-

of-School, and In-School. Since then he's added a few more to his calendar--dove, duck, deer, rabbit, quail trukey, trout, fly fishing season. You get the idea. As Sam said, I was able to cram 28 months of activity into each 12-month period. This collection of columns includes celebrations of Groundhog Day to summer to election day to the snows of winter. Cartoons by Martin Gehring spice up the pages and add a special touch of celebration on their own.

 Preaching and the Rise of the American Novel by Dawn Coleman recovers a crucial moment in the history of the intimate yet often contentious relationship between religion and literature. Coleman's book highlights the intersection of two cultural trajectories in America around 1850, both often downplayed in literary histories: a boom in preaching, associated

with the growth of evangelicalism and the country's oratorical traditions, and the long struggle of the novel, still facing considerable disdain at mid-century, to achieve moral legitimacy and aesthetic autonomy. Before the Civil War, the preacher in the pulpit was the culture's paradigmatic voice of moral authority, and novelists who wished to establish the moral value of their own storytelling needed to incorporate sermons. This book explores how antebellum ministers

sought to preach effective, authoritative sermons and how novelists sought to claim a similar authority through canny representations of preachers, often veiled critiques of actual ministers, and sermonic voice, or a creative reworking of the sound of preaching. Such intense engagement with sermons shaped some of the period's most interesting and important novels, including *The Scarlet Letter*, *The Quaker City*, *Moby-Dick*, *Uncle*

Tom's Cabin, and *Clotel*. In illuminating how novelists sought to displace traditional religious institutions, *Preaching and the Rise of the American Novel* reminds readers of the deep connections between Americans' religious practices and their literature and speaks to how the processes of secularization are often less concerned with rejecting the elements of religion than reimagining them. *The American Educational Review* Cambridge

WNOX was the eighth radio station to sign on the air in North America and the first in Tennessee. No station has left a bigger footprint on American popular music or the radio industry as

WNOX. Its AM signal could be heard as far south as Daytona Beach and as far north as New York City in the day of uncluttered airwaves. It helped write the book on radio broadcasts and productions with programs like the Mid-Day Merry-Go-Round and the Tennessee Barn Dance. Its legendary programs helped pioneer an entire genre of American popular music and served as a launching pad for country music's greatest stars and some of the nation's best

broadcasters. The call letters remain an iconic landmark of Knoxville and East Tennessee. *Chases' Calendar of Annual Events Vintage* The little-known story of remarkable First Lady Sarah Polk—a brilliant master of the art of high politics and a crucial but unrecognized figure in the history of American feminism. While the Women's Rights convention was taking place at Seneca Falls in 1848, First Lady Sarah Childress Polk was wielding influence

unprecedented for a woman in Washington, D.C. Yet, while history remembers the women of the convention, it has all but forgotten Sarah Polk. Now, in her riveting biography, Amy S. Greenberg brings Sarah's story into vivid focus. We see Sarah as the daughter of a frontiersman who raised her to discuss politics and business with men; we see the savvy and charm she brandished in order to help her brilliant but unlikeable husband, James K. Polk, ascend to

the White House. We watch as she exercises truly extraordinary power as First Lady: quietly manipulating elected officials, shaping foreign policy, and directing a campaign in support of America's expansionist war against Mexico. And we meet many of the enslaved men and women whose difficult labor made Sarah's political success possible. Sarah Polk's life spanned nearly the entirety of the nineteenth-century. But her own legacy, which profoundly transformed the South,

continues to endure. Comprehensive, nuanced, and brimming with invaluable insight, *Lady First* is a revelation of our twelfth First Lady's complex but essential part in American feminism. *Bankers Magazine* Cornell University Press
The *Sentences That Create Us* draws from the unique insights of over fifty justice-involved contributors and their allies to offer inspiration and resources for creating a literary life in prison. Centering in the

philosophy that writers in prison can be as vibrant and capable as writers on the outside, and have much to offer readers everywhere, *The Sentences That Create Us* aims to propel writers in prison to launch their work into the world beyond the walls, while also embracing and supporting the creative community within the walls. *The Sentences That Create Us* is a comprehensive resource writers can grow with, beginning with the foundations of creative

writing. A roster of impressive contributors including Reginald Dwayne Betts (Felon: Poems), Mitchell S. Jackson (Survival Math), Wilbert Rideau (In the Place of Justice) and Piper Kerman (Orange is the New Black), among many others, address working within and around the severe institutional, emotional, psychological and physical limitations of writing prison through compelling first-person narratives. The book's authors offer pragmatic advice on editing

techniques, pathways to publication, writing routines, launching incarcerated-run prison publications and writing groups, lesson plans from prison educators and next-step resources. Threaded throughout the book is the running theme of addressing lived trauma in writing, and writing's capacity to support an authentic healing journey centered in accountability and restoration. While written towards people in the justice system, this book can serve anyone seeking

hard won lessons and inspiration for their own creative—and human—journey.

Whose Story Is This?

Arcadia Publishing Fields of Gold critically examines the history, ideas, and political struggles surrounding the financialization of farmland. In particular, Madeleine Fairbairn focuses on developments in two of the most popular investment locations, the US and Brazil, looking at the implications of financiers' acquisition of land and control over

resources for rural livelihoods and economic justice. At the heart of *Fields of Gold* is a tension between efforts to transform farmland into a new financial asset class, and land's physical and social properties, which frequently obstruct that transformation. But what makes the book unique among the growing body of work on the global land grab is Fairbairn's interest in those acquiring land, rather than those affected by land acquisitions. Fairbairn's work sheds ethnographic light on the

actors and relationships—from Iowa to Manhattan to São Paulo—that have helped to turn land into an attractive financial asset class.

A strikingly original exploration of what it might mean to be authentically human in the age of artificial intelligence, from the author of the critically-acclaimed *Interior States*.
"Meghan O'Gieblyn is a

brilliant and humble philosopher, and her book is an explosively thought-provoking, candidly personal ride I wished never to end ... This book is such an original synthesis of ideas and disclosures. It introduces what will soon be called the O'Gieblyn genre of essay writing." —Heidi Julavits, author of *The Folded Clock* For most of human history the world was a magical and enchanted place ruled by forces beyond our understanding. The rise of science and Descartes's

division of mind from world made materialism our ruling paradigm, in the process asking whether our own consciousness—i.e., souls—might be illusions. Now the inexorable rise of technology, with artificial intelligences that surpass our comprehension and control, and the spread of digital metaphors for self-understanding, the core questions of existence—identity, knowledge, the very nature and purpose of life itself—urgently require rethinking. Meghan

O'Gieblyn tackles this challenge with philosophical rigor, intellectual reach, essayistic verve, refreshing originality, and an ironic sense of contradiction. She draws deeply and sometimes humorously from her own personal experience as a formerly religious believer still haunted by questions of faith, and she serves as the best possible guide to navigating the territory we are all entering.

One of the most exuberant move palaces of the South, the Tennessee Theatre is a Jazz Age spectacle, a glimmer of a briefly extravagant era, a bold architectural celebration of an astonishing and suddenly popular new form of art. The motion picture

changed the way Americans experienced their world, within its broad region, the Tennessee became the superlative venue for that experiences. Despite its reputation as the finest, the most expensive, the theater with chandeliers and original art and antiques in its lobby, the Tennessee was also the largest, the busiest, and the most popular... Exclusiveness is one of the Tennessee's most effective illusions. After almost a century, the Tennessee is still

obligatory on any trip to Knoxville, one of these sights you have to witness at least at once. Designed with dozens of shapes and countless colors to awe, it is distinct in appearance from every other theater in the world. It's a complex and fascinating artifact. But the Tennessee is also a practical edifice, a modern venue for classical music, opera, rock, jazz, bluegrass, and dozens of other genres that benefit from the old theater's excellent acoustics, praised in the

national media for the quality of its sound.

The Sentences That Create Us

Feminist essays for the #MeToo era from "the voice of the resistance," the international bestselling author of *Men Explain Things to Me* (The New York Times Magazine). Who gets to shape the narrative of our times? The current moment is a battle royale over that foundational power, one in which women, people of color, non-straight people are telling other versions, and

white people and men and particularly white men are trying to hang onto the old versions and their own centrality. In *Whose Story Is This?* Rebecca Solnit appraises what's emerging and why it matters and what the obstacles are. Praise for Rebecca Solnit and her essays "Rebecca Solnit is essential feminist reading." —The New Republic "In these times of political turbulence and an increasingly rabid and scrofulous commentariat, the sanity, wisdom and clarity of Rebecca Solnit's

writing is a forceful corrective. *Whose Story Is This?* is a scorchingly intelligent collection about the struggle to control narratives in the internet age." —The Guardian "Solnit's passionate, shrewd, and hopeful critiques are a road map for positive change." —Kirkus Reviews "Solnit's exquisite essays move between the political and the personal, the intellectual and the earthy." —Elle "Rebecca Solnit reasserts herself here as one of the most astute cultural critics in

progressive discourse." —Publishers Weekly "No writer has better understood the mix of fear and possibility, peril and exuberance that's marked this new millennium." —Bill McKibben, founder of 350.org
